

## Guide Rail Assembly Genuine Service Products

### Benefits at a glance

#### Increased productivity

- Extends life of the guide rail to minimize change-outs and maintenance activities
- Fewer change-outs means less time spent unpinning and unwrapping tracks to replace guide rails

#### Lower total cost of ownership

- Wider profiled guide rail matches the profile of the crawler shoe path to minimize the wear between the shoes and guide rails
- Optional polyurethane coating further reduces abrasive wear between crawler shoes and guide rails to significantly extend guide rail life

#### Enhanced safety

- Longer crawler system life increases change-out intervals reducing employee exposure to safety risks from system and component replacements

**Profiled rail minimizes  
abrasive wear**

The genuine P&H seal stands for quality and performance. For surface mining operations looking to enhance safety and improve shovel productivity, the P&H guide rail assembly from Komatsu is the best option.

Using the industry's most sophisticated design, engineering and manufacturing technologies, Komatsu has significantly improved guide rail life to reduce maintenance requirements during the undercarriage lifecycle.

Our service products are engineered to meet our exacting application and design standards, ensuring optimal crawler system performance. Genuine service products, for P&H machines from Komatsu. They're a perfect fit.

## Related products and services

- P&H Delta series crawler shoes
- Lower works and undercarriage installation
- Crawler frame and propel transmission repairs and rebuilds
- Shovel overhauls and undecking
- Machine audits and inspections
- Full machine assembly and rebuilds
- Equipment relocations

### A genuine P&H guide rail assembly...

...Helps to lower mine operating costs through extending crawler system life, minimizing unplanned downtime

...Increases guide rail life three-six months via optional one inch polyurethane coating which further reduces abrasive wear between rail and crawler shoes

...Improves shovel uptime by decreasing frequency of the guide rail change-outs
