

# Services and Support

## Komatsu Care Plus II Premium

### Extend maintenance intervals. Lower TCO.

Keep your machines running longer with the Komatsu Care Plus II Premium program. This program builds on Komatsu Care Plus II by offering Komatsu's ultra-low-ash oil for even greater uptime. With ultra-low-ash oil, you benefit from extended service intervals — up to 1,000 hours and beyond.

Komatsu Care Plus II Premium is available for these newer Komatsu machines running the next-generation DBA127 engine:

- WA475-11 wheel loader
- WA485-11 wheel loader
- HM460-6 articulated truck
- D175AX-10 dozer (scheduled to launch late 2026)

Ultra-low-ash oil extends these maintenance intervals, limiting daily interruptions and helping you save on maintenance costs. These service intervals can be extended up to:

- 1,000 hours — engine oil filter
- 1,000 hours — KOWA
- 1,000 hours — engine oil
- 6,000 hours — hydraulic oil
- 16,000 hours — DPFs

# More than just greater uptime

Beyond extended service intervals, ultra-low-ash engine oil offers additional advantages that help protect your fleet investments. Minimizing the ash content helps prolong the life of DPFs up to 16,000 hours for cleaner operation and long-term reliability. Ultra-low-ash oil also helps maintain performance and extends the service life of other components.

Additional engine longevity and performance advantages:

- Protect the DBA127 engine's emissions system
- Support long engine life
- Provide stability under heavy workloads

**Komatsu Care Plus II Premium maintenance and repair coverages are available for up to 72 months.**

**Contact your Komatsu dealer today to learn more about the benefits of Komatsu's ultra-low-ash oil and Komatsu Care Plus II Premium program.**
