

# KOMATSU

## Komtrax Remote Monitoring

# KOMTRAX®

A complimentary service allowing you to monitor the health and performance of your machine.

# Komtrax Remote Monitoring

A complimentary service allowing you to monitor the health and performance of your machine.

## Improved Search

Our new search function allows you to search for your machine by job site, customer management number, model or serial number.

The search interface displays a grid of machine cards. Each card includes a machine icon, model number (e.g., D61EXI-23, D61EXI-24, D65PXI-18), SMR, and delivery date. A search bar at the top allows filtering by Model, Type, Serial No., Customer Name, and Customer Machine No. A sidebar on the right offers navigation options like Working Information, Working Statistics, and Service Customer Contact Point Management.

## Working Hour Trend

A new pre-built summary of the monthly and daily working hours of your fleet.

Model	Type	Serial No.	Customer Name	Machine Location	Customer Machine No.	SMR	2021/02			2021/03		
							Working Days	Working Hours	Daily Avg	Working Days	Working Hours	Daily Avg
D61EXI-23		9121.1				21	145	6.9	16	112	7	
D61EXI-24		758.3				-	-	-	-	-	-	
D65PXI-18		7348.4				21	175	8.3	11	76	6.9	
D65PXI-18		6927.7				11	67	6	9	53	5.8	
PC55MR-5		3557.4				17	94	5.5	24	156	6.5	
PC55MR-5		3422.4				21	104	4.9	19	61	3.2	
PC88MR-10		4383.3				19	102	5.3	23	113	4.9	
PC88MR-10		4164.5				17	117	6.8	22	123	5.5

## Convenient Machine Summary

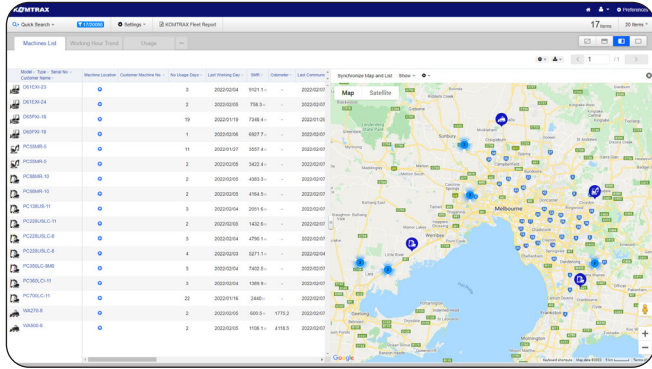

Convenient one page summary of machine status, working information, caution, notification and location.

The machine summary dashboard provides a comprehensive overview for a specific machine (Model: HM400-3M0, Serial No.: 16024.1 H, SMR: 2022/02/05, Odometer: 195190.9 km). It includes sections for Machine Status (SMR: 16024.1 H), Working Status (bar charts for Working Hours, Fuel, and Water Temp. over time), Cautions (none applicable), Notices (GPS Measurement and Power Supply On Chassis events), and Location Information (a map showing the machine's current location).

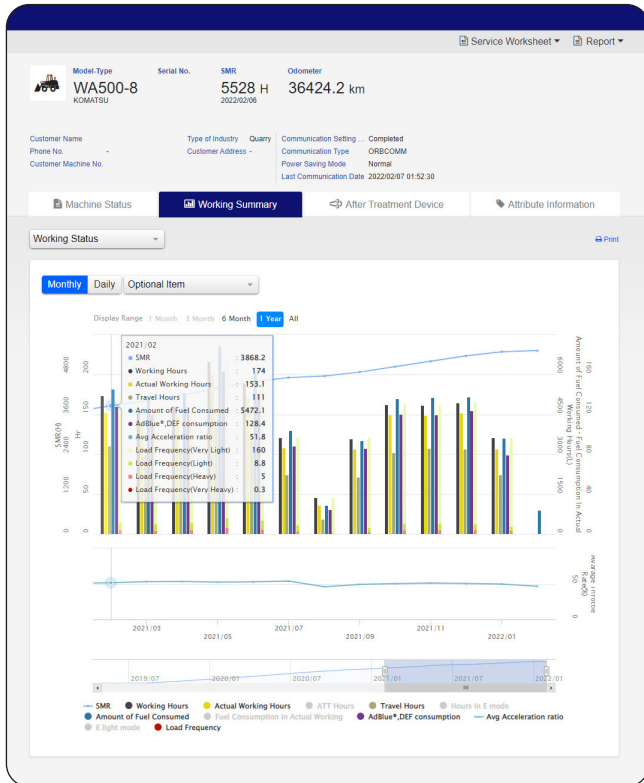

## Interactive Maps

Interactive maps enable you to easily filter your fleet data.

## Interactive Charts

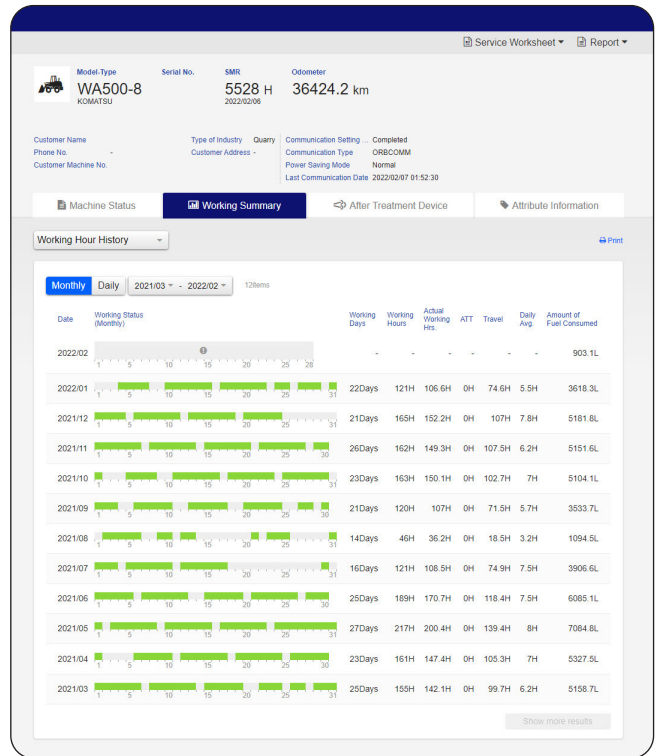

Our new interactive charts allow you to visualise the productivity of your machines.

Data display period can easily be changed. The chart can be customised to display different datasets.

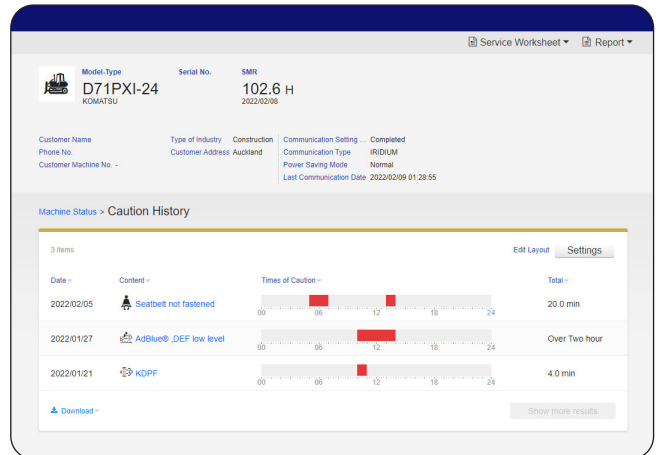

## Interactive Tables

Visualise the daily or monthly working metrics of your machines with our new interactive table.

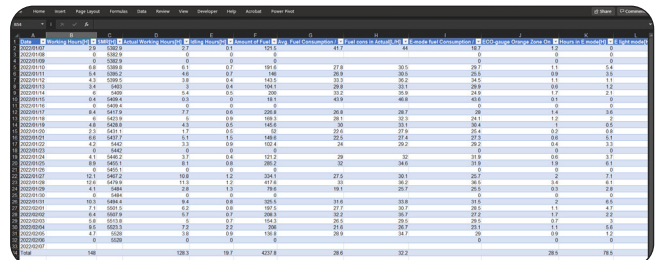

## Health Alerts

Quickly access machine health alerts.

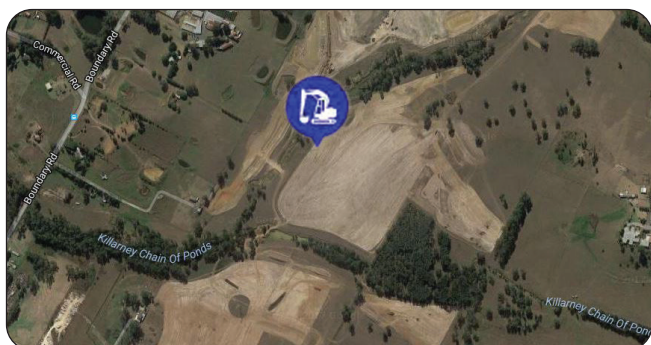

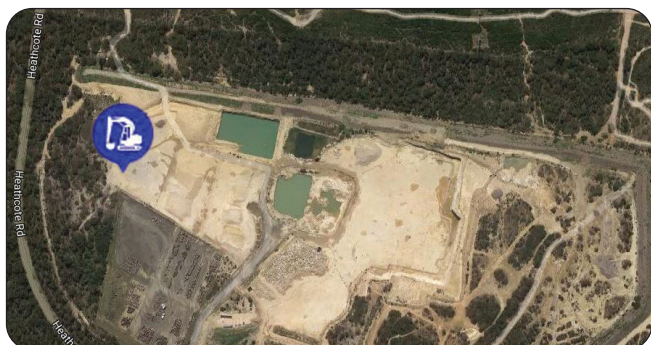

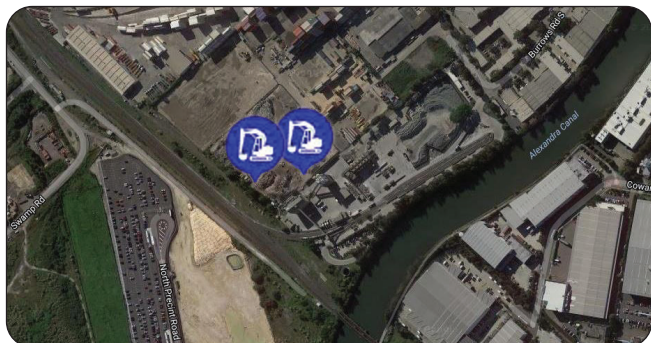

## Download Data

Easily download your data for further analysis.

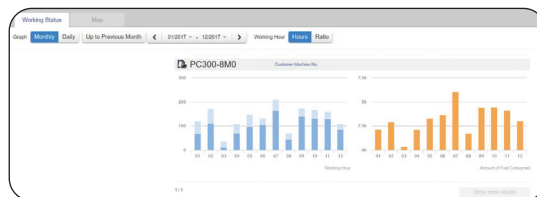

**The updated Komtrax gives you more information about your machine in a user-friendly view.**

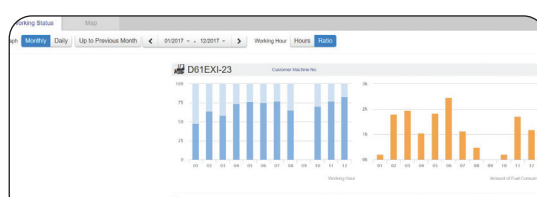

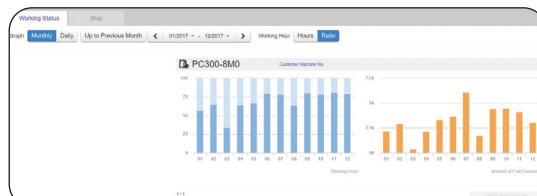

**Improved Jobsite Management**

By tracking your equipment, you can easily view detailed working hour and fuel consumption data, allowing for better performance management of your fleet.

These charts show working hours and the amount of fuel consumption on each job site.

These charts show the ratio between working hours and the fuel consumed.
